## John McEnroe Tennis Academy (JMTA) Summer Tennis Training Camp

At JMTA we train 52 weeks a year. Our intensive JMTA Summer Training Camp at SPORTIME Amagansett, the Hamptons' summer home of JMTA, is designed for players competing in, or striving to compete in, sectional, national and ITF tournaments, and those interested in playing high-school tennis, college tennis and beyond. Players, at any level, who simply want to be the best they can be, are also welcome!

### JMTA Tennis Training

The JMTA Training Camp curriculum features a combination of drills, technical and tactical coaching, match-play, and off-court athletic and cross-training, specifically tailored to the ages and levels of each JMTA player group. Our world-class directors carefully evaluate students, place them in small age and level-appropriate groups, and customize programs to meet their developmental needs.

### JMTA Athletic Performance Training (APT)

JMTA's APT program is designed to help tennis players improve their fitness and on-court performance through increased strength, flexibility and mobility, and to reduce the risk of injury.

### JMTA Mental Toughness Training

We believe that our capacity to determine an individual player's on-court stress patterns, and to provide each JMTA player with the tools to better manage on-court adversity, to prepare to mount a comeback, or to remain calm and finish the job when in the lead, is crucial to giving each JMTA student an "edge". JMTA's Mental Toughness curriculum is developed by JMTA Directors and coaches and implemented on and off-court.

### Match Play Afternoons

With up to 33 of our beautiful Har-tru tennis courts available to our JMTA students, it's match-play every day at SPORTIME Amagansett. Each afternoon at JMTA Training, participants have the opportunity to compete in singles and doubles, with on-court supervision and feedback from our experienced coaches. Players receive technical and tactical feedback in match-play situations.
