JUNIOR VOLLEYBALL CLINICS

SPORTIME's Junior Volleyball Clinics are designed for girls and boys interested in improving their volleyball skills in a fun, intense training environment. Each program challenges players with innovative drills designed to teach proper body position, skill technique and game strategy, under the supervision of our expert coaches. This is a great program for young athletes who would like to learn the game and for intermediate players interested in playing middle school, high school or club volleyball.

SPORTIME also offers a great menu of summer programs including camps, specialty position clinics, junior leagues and our VBC Beach and VBC Grass Volleyball Programs.

Please see the reverse side for program schedules and fees for all of our locations.
